

# SETTING UP APPLICATION ENVIRONMENT

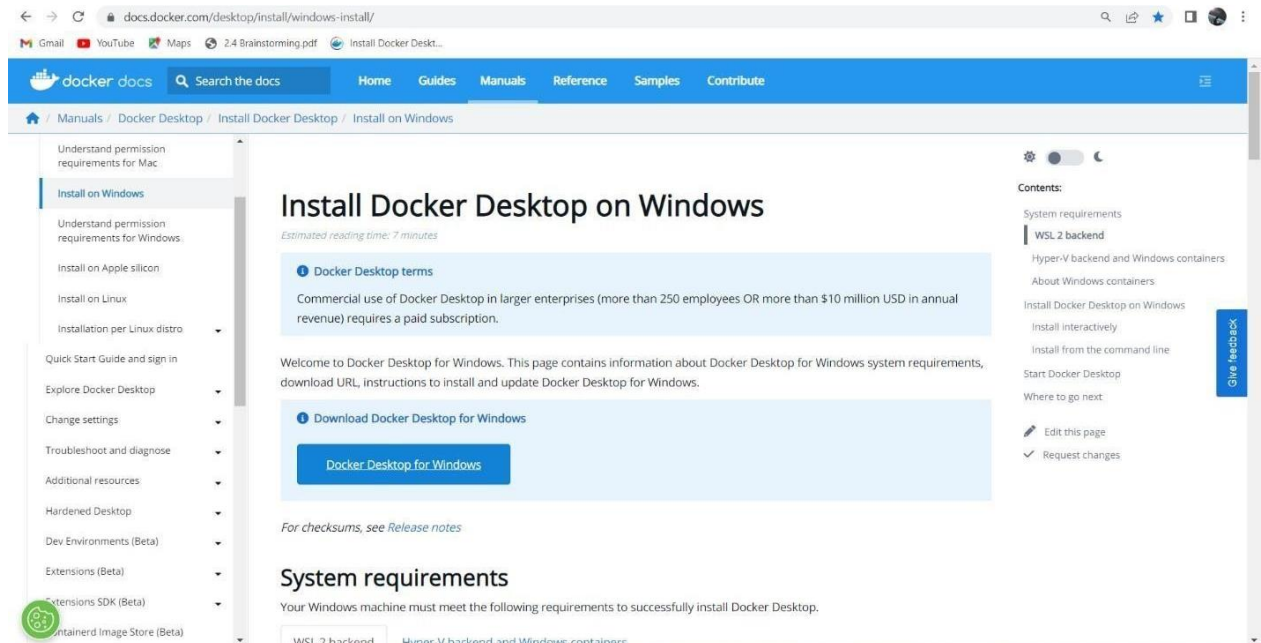

## DOCKER

### INSTALLATION

Team ID	PNT2022TMID49171
Project Name	Smart Fashion Recommender Application

#### Step1:

Go the official Docker website: <https://docs.docker.com/desktop/install/windows-install/>

#### Step 2:

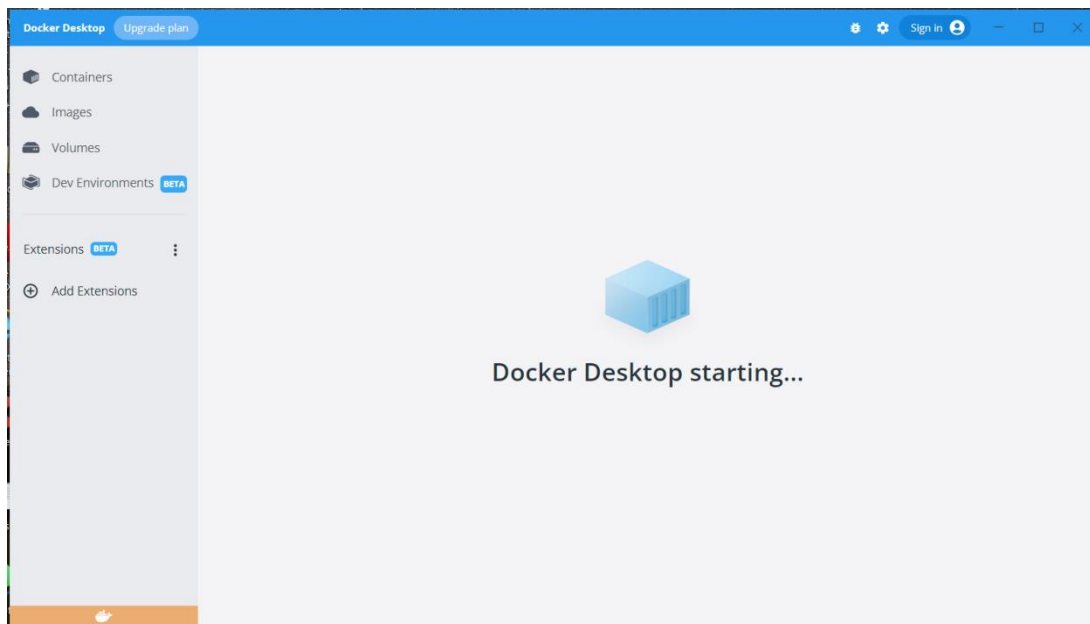

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

#### Step 3:

Go to downloads in browser (or) type **ctrl + J**, it will navigate to download page and double-click the particular docker file.

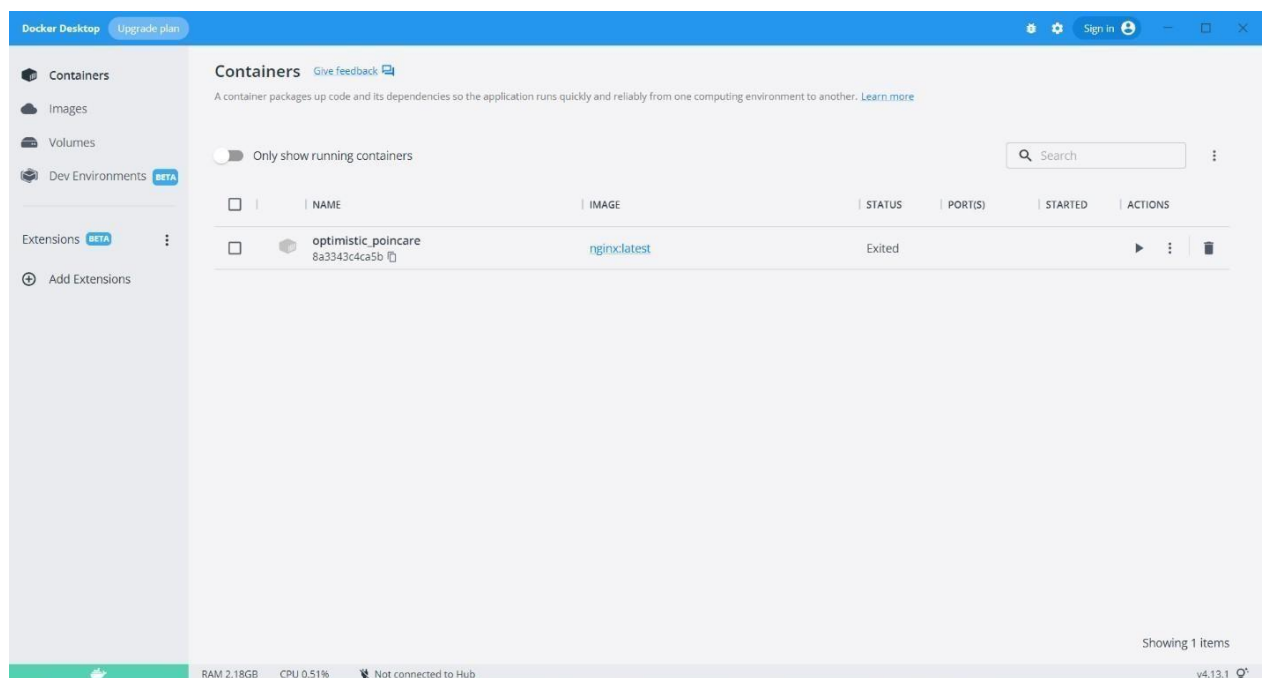

#### Step 4:

Now Installation is complete. This icon was added in your desktop. Double-click the icon to Start the docker app, you can register and login that app to access those credentials.

### Step 5:

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

### Step 6:

Finally, Docker is installed successfully.
